

The landing obligation – re-visited!

Dominic Rihan, DGMARE, A2

A RE-CAP ON SOME ISSUES!

2015

Small pelagics
Large pelagics
Industrial species
Baltic salmon

2015-2017

Baltic

2016-2019

North Sea
North Western Waters
South Western Waters

2017-2019

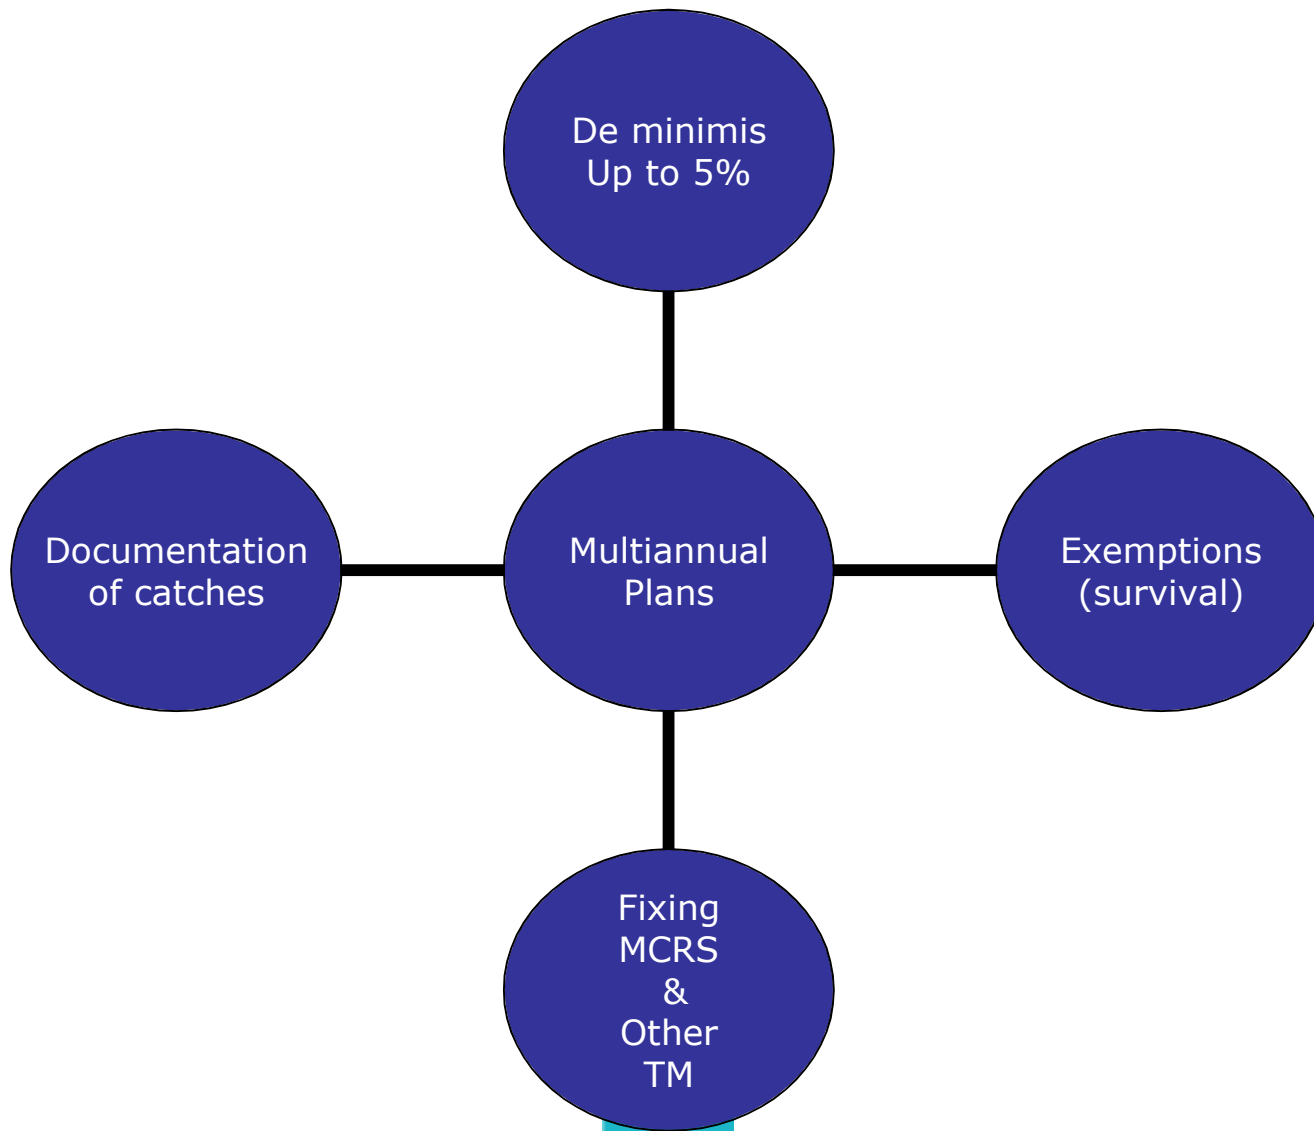

Mediterranean
Black Sea
Other waters

Plan A

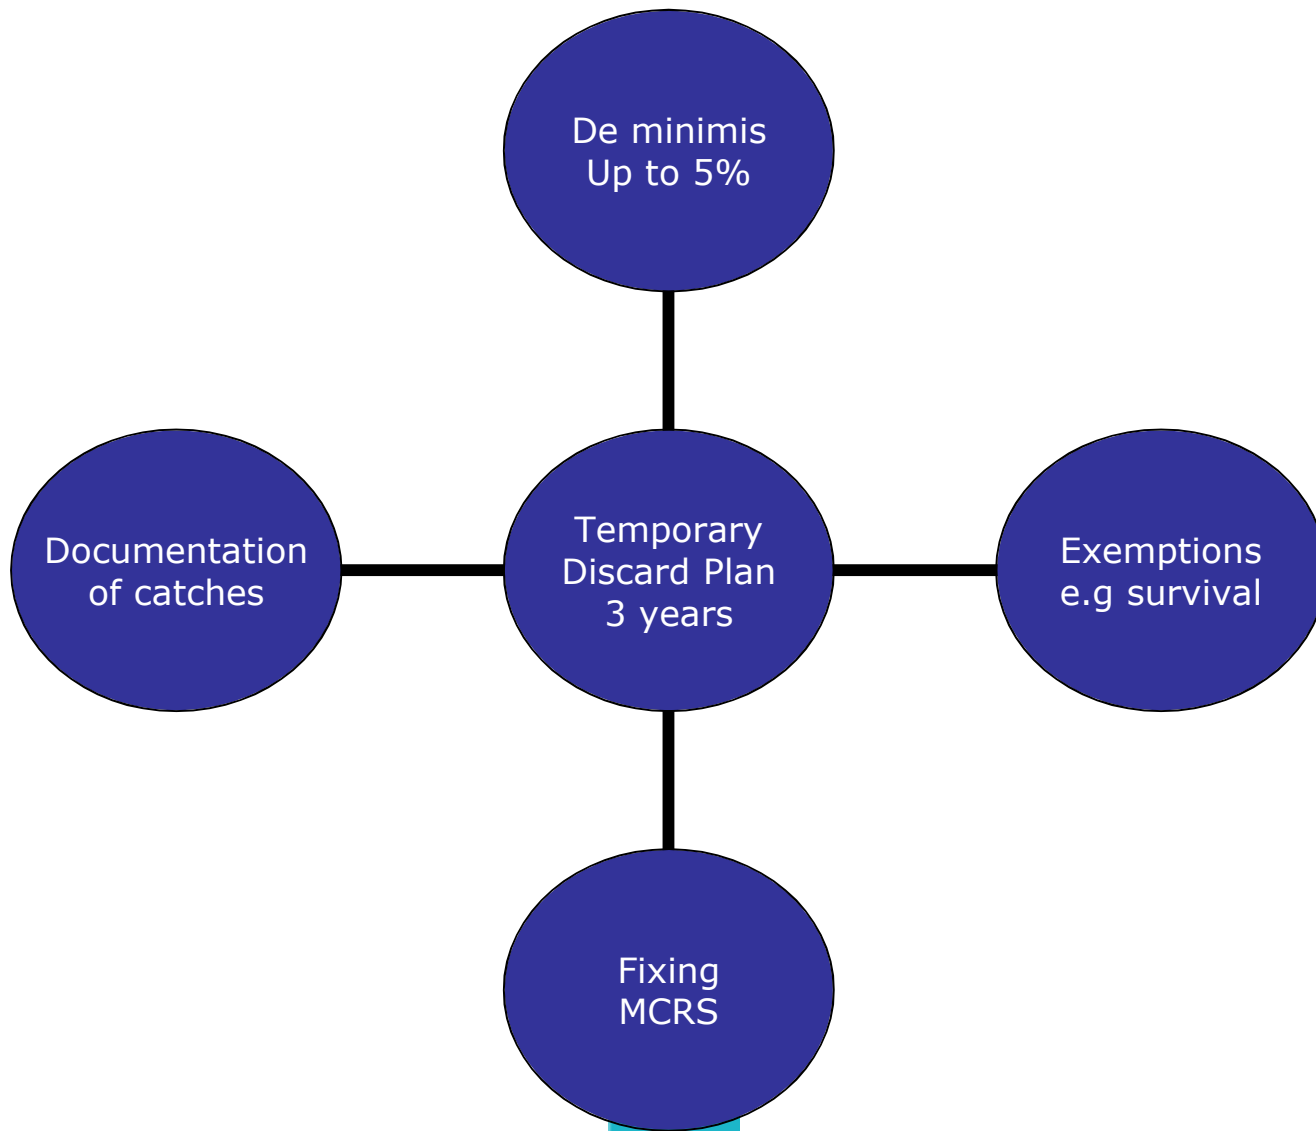

~~Plan B~~

PLAN B

~~PLAN A~~

EU member states

MS Co-operate

COM Facilitates

MS consult AC's

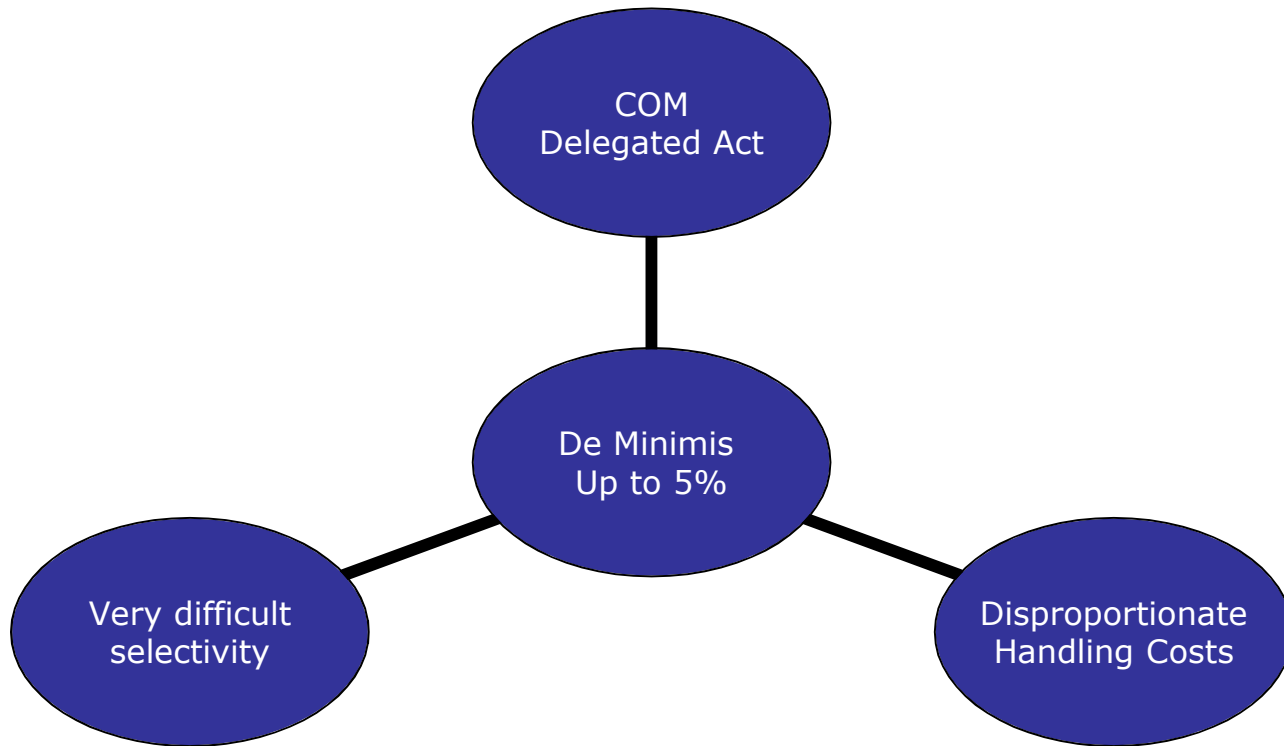

Joint
Recommendations

WHEN
ALL
ELSE

FAILS.

In this case COM decides!

Quota Flexibility

Inter-annual
Up to 10%
(banking & borrowing)

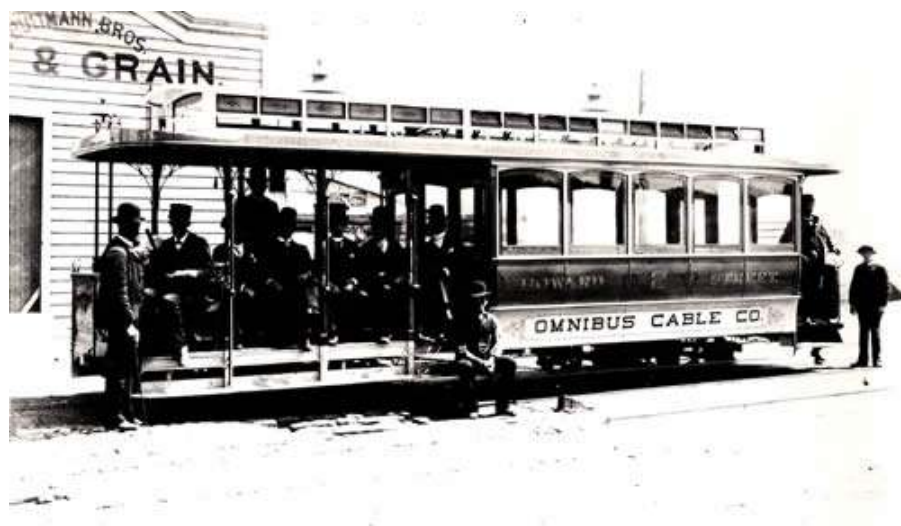

Inter-species
Up to 9%
Target to donor

Pilot Studies

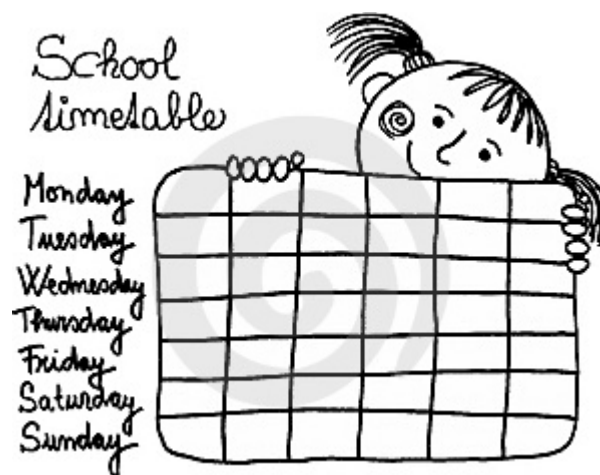

Omnibus!

- *Technical measures*
- *Control*
- *Technical Alignment*
- *Remove obligations*
- *Allow reporting*
- *Little scope for change*

Some important dates!

- *Reform – Oct 2013*
- *Omnibus – Oct 2013*
- *New tech measures – June 2014*
- *Joint recommendations – June 2015*
- *Discard Ban starts – 1 Jan 2016*
- *Discard Ban complete – 1 Jan 2019*

Process must be driven by MS & RACs!

Some Key Issues!

- *Start the Process*
- *Dialogue*
- *Identify the problems*
- *Who does what*
- *How can COM help*

SOLUTIONS
~~PROBLEMS~~

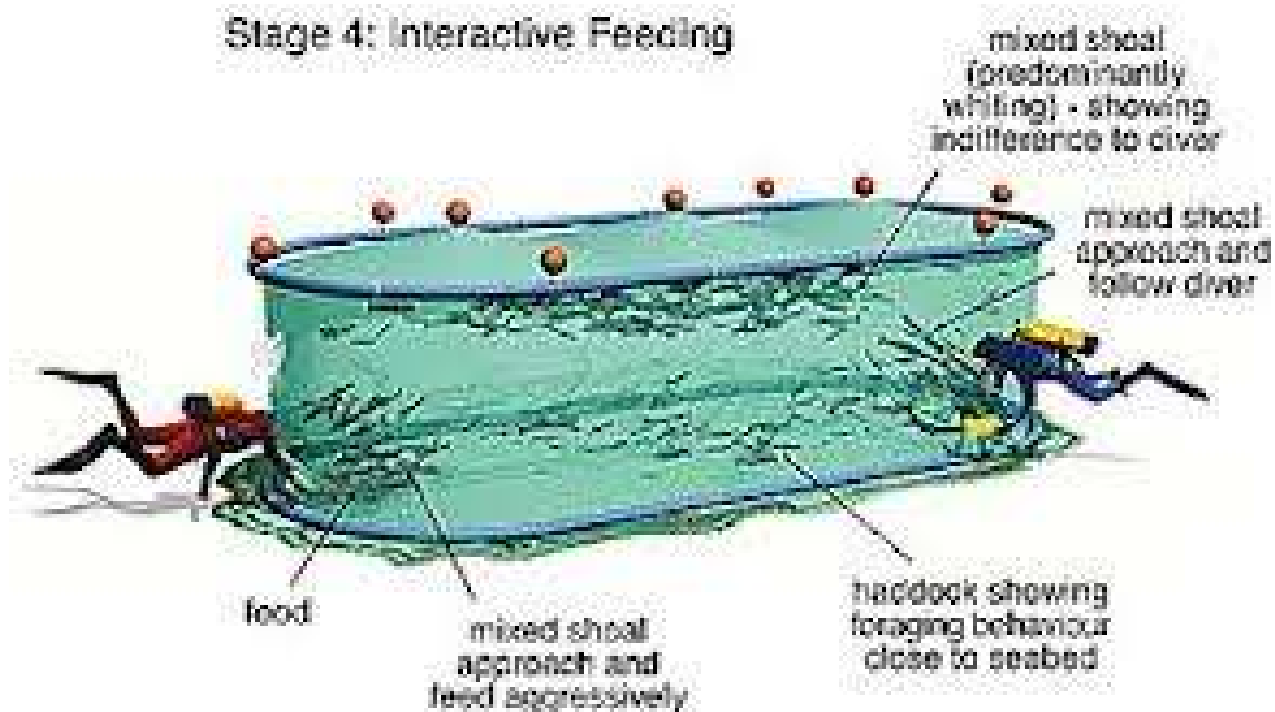

STECF EWG Meeting

- *9-12 Sept*
- *Around 40 participants*
 - **Scientists**
 - **Control**
 - **Industry**
- *Discussed 5 topics*

Fish Survival

De minimis & Quota Flexibility

Data Issues

Control and Monitoring
